Big Turnout Expected For Pet Parade

Everything is ready to go for what may be another great turnout at the annual Pet and Bicycle Parade in Antioch. All that is needed now is for the children to bring their pets and bikes out to Williams Park on Saturday, July 6.

Very few changes have been made since last year's parade, according to Bill Schroeder Jr., chairman of the event. The crowd was a good one last year and it made for a successful parade. "We're expecting a good turnout—at least as good as last year," Schroeder said.

One change was made to increase competition at the contest. The rest of the program was kept the same because of last year's success.

The major change is designed to tighten up the competition. While there were four

categories last year for children to show off their pets, Schroeder decided that there will only be three this year. The change was made to make it more competitive and make the categories less ambiguous.

The "Best of Show" category has been cut out, but awards will be given for the most unusual, best groomed and the funniest pet.

Two age categories will allow for a total of 12 winners at the contest. Six in the pet parade, and six in the bike parade.

The categories in the bike parade are the most patriotic, most unusual and the most humorous. There will not be an award for most artistic this year.

Schroeder's explanation was that most children would enter into one of the first three categories, leaving little competition for those in the fourth category.

Some of the things that will stay the same are the time, the age groups and the fact that everyone will get a prize—win or lose.

While only three trophies will be given for each age group in both the pet and the bike race, every child will receive a certificate for ice-cream and candy.

The sponsors of the parade are: Meta's Candies, Here's The Scoop, Antioch News-Reporter, State Bank of Antioch, Awards by Kaydan and the First National Bank of Antioch.

The event is being organized by the Antioch Police Dept., the Antioch Parks and Recreation Dept. and the Antioch News-Reporter.

Registration forms are available at the Antioch News-Reporter office, King's Drugs, Here's The Scoop, Meta's Candies, Antioch State Bank, First National Bank of Antioch or the Parks and Recreation Office. They can be turned in until Friday, July 5 at 5 p.m. at the News-Reporter office.

Late registration will be held at 10 a.m. the morning of the parade. The festivities will begin at 10:30 a.m.

Antioch Board Plans On Sewer Rate Increase

by PETER GILL

The sewer rates in Antioch could be raised by 77 percent before the summer is over.

The Antioch Village Board will discuss

raising the rates in the village at their July 15 meeting.

Board Clerk Marilyn Sterbenz said that they want to present a statement for the public on why the rate increase is necessary. With the proposed increase, Antioch's rates would still be among the lowest in the county.

The announcement came at a board meeting on July 1. The numbers that Sterbenz read showed a large increase in utilities paid by the village in the last five years.

In 1980, Antioch paid \$40,633 in utilities and in 1985, the village paid \$87,419—an increase of 115 percent.

The operating costs between 1980 and 1985 went up 69 percent, from \$218,037 to \$367,754. The increase in the sewer rates would put the village even with the increases absorbed in the last five years.

Sterbenz added that there may be an increase in the sewer rates only—not the water rates.

In other action, the board passed a motion to open advertising for bids on the N. Anita St. resurfacing on July 29. More work has to be done with village engineers to find out just what the resurfacing will entail.

Officials Investigate Cause Of Plane Crash

Two Mundelein area men were killed June 28 when a 1946-vintage single-engine aircraft they were occupying, crashed in a hay field, off of Gilmer Rd., outside Mundelein.

The plane crashed nose first across from the Victory World War II Aircraft Museum.

Killed in the crash were the museum's owner, Amalio "Paul" Polidori, 72, of rural Mundelein, the plane's pilot and passenger, James Pribilski, 59, of Mundelein.

Federal investigators are collecting data on the occupants and background of the plane to try to determine the cause of the crash.

It is unknown whether the plane was attempting to take off or land when the crash occurred but an air safety in-

vestigator from the National Transportation Safety Board said some people have seen the plane in the air about 45 minutes to an hour before the crash, which was reported about 11 a.m.

The investigator said since photographic equipment was out in the plane, it is believed that Pribilski was taking aerial photographs.

Countryside Fire Dept. received the initial call, then contacted the Wauconda Fire Dept. and both sets of firefighters used equipment to extricate the bodies from the wreckage.

Polidori's museum included a collection of more than 20 World War II area fighter planes.

He was born on Nov. 12, 1912 in Chicago and had resided in the Mundelein area for more than 33 years.

He was a member of St. Mary's Church, Fremont Center and was a Fourth Degree Knight of Columbus.

Survivors include a son, Roger Polidori, of Fremont Township, a daughter, Roberta (Gerald) Larsen, Park Ridge; four grandchildren and a dear friend, Laimi Puro. He was preceded in death by his wife, Marie Polidori.

Funeral services were held on July 2 at McMurrough Chapel, Libertyville, followed by a funeral mass at St. Mary's Catholic Church, Fremont Center. Interment was at St. Mary's Cemetery.

In lieu of flowers, memorials are requested to The Cradle Society, 2049 Ridge Ave., Evanston, Ill. 60204.

Speakers Tout Plans For Redevelopment

by PETER GILL

The redevelopment of the Village of Antioch is entering a new phase with a bang.

The chamber meeting on June 26 was a rally to get public support for the redevelopment commission, and the speakers told the audience what possibilities there were for the future of Antioch.

A crowd of more than 200 people representing Antioch businesses showed up at what Bill Brook called "the most exciting chamber meeting in many, many years."

Brook, the master of ceremonies at the meeting, lead a host of speakers that talked about new businesses in Antioch and what the people in the village could do to back the redevelopment plans.

One of the big redevelopment strategies that was pushed was the same plan that made redevelopment in Homewood, Illinois such a success. Tax incremental funding (TIF).

In this plan, the difference in the amount of property tax a new or redeveloped business can draw over and above the old business creates the money for the TIF.

"We've never had this kind of tool before," Antioch Mayor Ray Toft said. "I think it can

be done with TIF. I hope it can be done in my term; in the next four years."

The people that spoke at the meeting, Brook, Toft, Redevelopment Commission Chairman Mike Warren, Attorney Kai Nibel and guest speaker Al Dvorin all pushed positive ideas about the program.

"What we need to do," Nibel said, "is to make Antioch a name that people recognize for what it is. People need to know when they pass by Antioch that there are things in it."

"The community is a vital regional shopping center. It's blessed by not being a one company town, by not having a major shopping center that takes away from the other businesses," he added.

Dvorin said that Antioch can be the "main hub" with the surrounding communities being the spokes on a big wheel.

"Think big, think saturation," Dvorin told his audience. "This can all be done if you all think this way."

Nibel, who wrote the legislation on TIF, said that by reaching for higher goals, the people of Antioch could improve their village.

"Never accept the status quo as what is," he said. "Set a standard of excellence with certain goals and strive to meet those goals."

Sequoit Post To Sell Poppies For Veterans

The Antioch VFW Post 455L and Auxiliary will be selling Buddy Poppies on Friday and Saturday, July 5 and 6, after a successful showing in Poppy Display contests.

The Sequoit Post came in first place in two different categories at the Veterans of Foreign Wars Poppy Display Contest for the Fifth District.

The successful displays went on to pick up two citations at the State Convention of the Veterans of Foreign Wars, at the Ramada Hotel O'Hare.

Betty Orr and Vera Condella entered the displays and they were presented by VFW Post Poppy Chairman Joe O'Donnell. The post also came back with two ribbons for their colors in the parade.

In the district competition, O'Donnell reported that the winning display in category two, division "A", which is a memorial or inspirational display using 400 poppies, was made by Auxiliary Poppy Chairperson Betty Orr.

Her co-chairperson, Vera Condella, made the other winning display in category three, which is an artistic or decorative use of poppies.

The Veterans of Foreign Wars have been selling Buddy Poppies since 1922. The

proceeds from Buddy Poppy sales are used exclusively to assist disabled and needy veterans and the widows and children of deceased veterans.

Mayor Ray Toft of Antioch signed a proclamation urging all patriotic citizens to wear a Buddy Poppy as mute evidence of the gratitude to the men of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens.

He said that Great Midwestern has some pretty big goals and he would like to see them realized in Antioch.

The building that the company does business in is 285,000 square feet. Wright ad-

ded that it will increase in size to a total of six acres under one roof in the next one and a half to two years.

"We employ many Kenosha people," Wright said at the dinner. "We would like to change that. We would like the people that work in Antioch live in Antioch."

Wright also spoke with pride about his newest machine, a food dispenser packager that is unique to the food packing industry.

The company already has an order for 600 million of the portion pack that the machine is packaging. According to Wright, the company can produce 144 million per year.

Wauconda Man Directs Singers

by GLORIA DAVIS

Born in Waukegan and raised in Wauconda, John Ross, 32, son of Bob and Jacque Peterson of Wauconda, has spent the last 10 years traveling all over the world, helping to bring the music of the Serendipity Singers to standing room only audiences.

The internationally known group, made up of three men and three women, has been directed by Ross for the last six years.

Ross will return to his home territory when the group will bring their music to Hawthorne Center at 9 p.m. on Thursday, July 18 as part of the center's "Music Under the Stars" concert series.

The Serendipity Singers will do an hour and 45 minutes of top musical entertainment that ranges from country and blue grass to pop. The three men all sing and play instruments while the three ladies sing, dance and change their costumes about five times to the delight of the ladies in the audience.

Like many former band students, Ross's love for music continued to be a major part of his life even after he outgrew the drum and bugle corps and school bands of Wauconda.

He went on to get a degree in music at Sierra Nevada College, Lake Tahoe, Nev., and after graduating formed a country music group of his

own called "Country Airfair."

In 1975 he joined Serendipity and has sung his way around the world several times over from the Australian Gold Coast to the sands of Egypt to the music halls of Nashville.

He opened his own music publishing company last year along with his sister Pat Peterson and has just

released a new song he wrote and recorded called "You bring Out The Love In Me."

He is hoping for a hit like the remake he did of Creedence Clearwater Rivival's "Bad Moon Rising" which made the country music charts last spring.

Living out of a suitcase and traveling the year around "has become a way

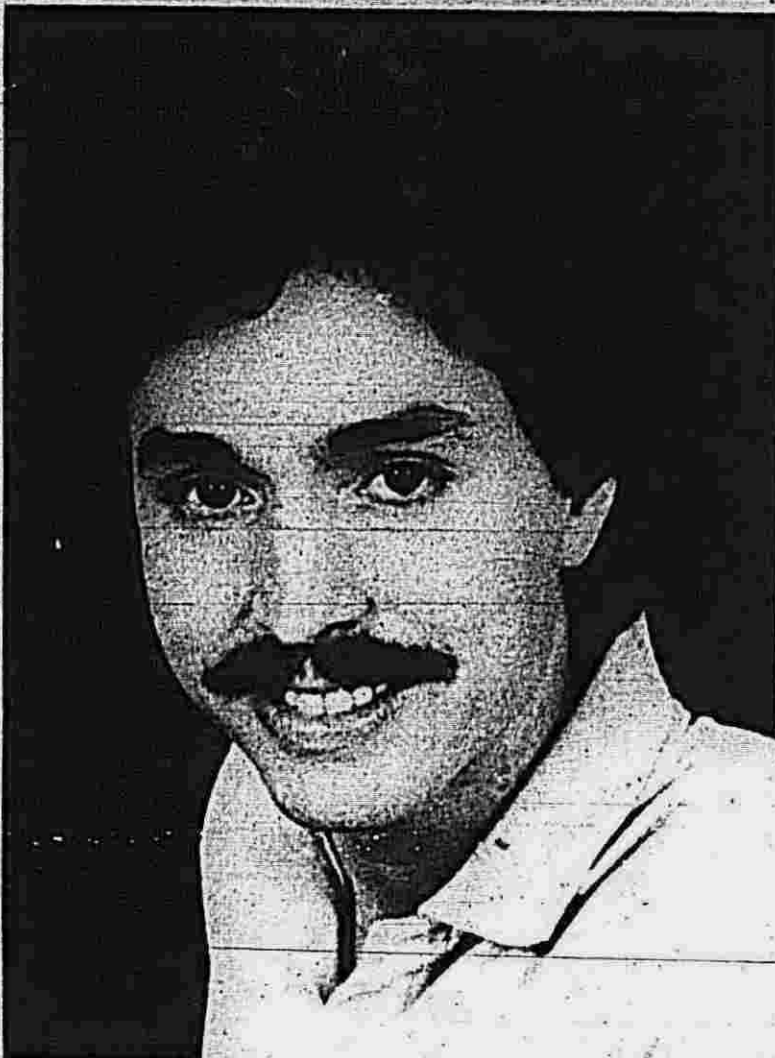

of life" that Ross loves. The fact that none of the singers are married makes traveling just a little easier.

Although much of their traveling is done by airplane, the group has its own bus for stateside gigs.

Ross said that the most thrilling concert the group did was under the The Arch in St. Louis last July 4 when they sang to an audience of 650,000 people.

Singing in the dark in West Virginia when the electricity all over town went off was probably the most difficult and harrowing appearance they made.

The singers have a half-hour syndicated musical tv show, the Serendipity Singers Show, that they shoot all over the world. The show runs nationwide and is on cable tv locally.

180 To Take Part In St. Therese's Tournament

One hundred eighty golfers and tennis players will participate in the fourth annual St. Therese tournament in Glen Elgin Country Club on Thursday, July 4.

It marks the fourth consecutive year the tournament has been a complete success. All proceeds go to the STAR Hospice program at the hospital, one of only two in Lake County. Last year the event netted \$31,000.

The golfing, which includes a continental breakfast for the early birds, a grilled luncheon on the golf course, a special dinner, special prizes, gifts for the participants and complete use of the club facilities, was a benefit for individuals with

a chronic illness. Local and Lake County merchants and individuals making special contributions in the form of golf tees, special equipment, tee markers, golf balls and beverages include: Serenest, Inc.; Loech Beverages; Waukegan Tire and Supply; Great Ideas, Inc.; Enterprise Ready Mix and the Pepsi Cola Co.

In addition, Bernard Chevrolet-Isuzu RV of Libertyville is providing a 1985 Chevy Corvette valued at \$22,000 to anyone lucky enough to shoot a hole in one on the par-three 10th, and American Radio-TV (Mr. Video Stores) is providing special video recording equipment and a giant screen television hookup for the showing of a four-minute feature on the STAR Hospice program, which recently appeared on CBS television.

Twenty-three different business organizations are sponsoring holes and tees, while an additional 18 are sponsoring golf carts, all through the use of special signs. Others support the affair through monetary donations, and participants pay \$150 for the entire day.

The golfing committee also announced that Lawrence Salerno, who for many years sang the National Anthem at the Chicago Cubs baseball games, will do similar honors at the dinner.

Johnny D's Brings Bit Of Sea To County

Johnny D's Pier 13, located on E. 13 just north of Washington St. in Grayslake, brings a bit of the sea to the middle of Lake County. Best known for its seemingly endless variety of seafood painstakingly prepared by Chef John Doersch, Johnny D's goes beyond the ordinary to give their customers that natural feeling.

When you arrive, you pull up at the dock, which also serves as the entrance. Sharp eyes will notice that those are not rocks surrounding the dock, but the shells of oysters and clams long since departed. Upon entering the restaurant, you find yourself in the midst of a nautical world that is so realistic that you can almost smell the salt air of the ocean. What you are really smelling, though, is the aroma of Chef Doersch's freshly prepared creations of the day.

Walking across the plank, hardwood floor and through the heavily roped rail-wood support system, you can reach your table and are ready to sample the culinary delights that Johnny D's has to offer.

Now open seven days a week, you may want to try one of the fresh daily specials that are available. Whether you are a new patron or have been a long-time regular, you will certainly want to try Chef Doersch's own recipe "Lobster & Butter Dinner" for only \$4.95. Other seafood entrees that are available every day include: crab legs, lake perch, walleye, salmon, catfish, haddock and many more.

Johnny D's is not only for seafood lovers,

though. Chef Doersch knows that there are many meat and potatoes, lamb-lovers who love the nautical atmosphere, but would rather eat traditional fare. For these patrons, he offers the finest in steaks.

Mini Don's

Mini Don's, located on Hwy. 220 in Twin Lakes and now owned by the Hughes family, offers casual family dining on Lake Michigan in a come-as-you-are setting. Specials include famous butter-fried haddock, fried chicken, crab cakes or combos all you can eat.

Drive-Up Cash Convenience

Richard Daniel, State Bank of Antioch senior vice president and trust officer, tried out the new Cash Station Drive-Up Window available to Cash Station card holders 24 hours a day, seven days a week, to do any and all banking transactions. — Photo by Gloria Davis.

State Bank Offers Prizes To Cash Station Users

The State Bank of Antioch is celebrating the installation of its latest Cash Station automatic teller machine.

The new wall unit, located in the bank's existing driveup area, provides all motoring Cash Station cardholders 24-hour access to their personal checking and savings accounts for deposits, cash withdrawals and transfers.

Other features, for State Bank customers only include payment of mortgage and installment loans and a balance inquiry function.

The State Bank introduced automatic banking to northern Lake County in 1973, and joined the Cash Station network in 1982, said president Randy Miles, "because management recognized the ultimate convenience of 24-hour banking to meet the needs of all customers."

"At first," said Miles, "evening-hour transactions were heaviest. Now, during business hours, customers avoid teller lines and go directly to Cash Station."

When monthly activity on the bank's two cash station

machines was steadily approaching 9,000 transactions, plans for the new driveup unit were set in motion to allow a cardholder the added safety and convenience of banking comfortably from his or her vehicle in any kind of weather, at any hour.

"Our Cash Station cardholders seem to be spreading the news," said Marketing Director, Florence Babusek. "We have processed a flood of applications since early this year."

Cash Station cardholders may win cash prizes through Saturday, July 13, simply by banking at any one of the State Bank's three Cash Stations, including the main lobby machine and a freestanding unit at Walgreen's-Commons Plaza, Rte. 83 and Rollins Rd.

Wilnot Stage Stop

Located at Hwy. C and Hwy W, the Wilnot Stage Stop is Wisconsin's oldest tap and dining room. The restaurant has been in continuous operation since 1848, the year of Wisconsin's statehood.

Operated by six generations of the same family, the Stage Stop remains much the same as it was in the 19th century, when it was a welcome stop between Half Day and South Port, now Kenosha.

When dining at the Stage Stop, a rewarding trip upstairs to the museum awaits visitors; a second floor ballroom and guest rooms on the third floor have been preserved exactly as they were in 1850.

Artifacts from by-gone years are a large part of the decor. Some of the artifacts include a collection of antique bar signs and pictures covering the bar walls.

Enjoy the historic Stage Stop. Hours are Sunday from 1 to 9 p.m., Monday through Thursday from 5 to 11 p.m. and Friday and Saturday from 5 p.m. to midnight.

Gilead House Restaurant

Built in 1891 as a 16-room Victorian mansion, the Gilead House has been a restaurant for the past 17 years. It is located on County Highway C in Wilnot.

Specialties of the house include Chicken Kiev, baby back ribs, Alaskan king crab, homemade pumpkin bread, dressings and soups, homemade desserts and a complete bar. Lighter chef's choice entrees at \$5.95 are featured Tuesday through Thursday evenings.

Enjoy the serene setting and Victorian charm of yesteryear. Also visit the gift shop and art gallery by local craftsmen on the second floor.

Reservations accepted at (414) 862-6400.

Free Screening

Victory Hospital's new Health Outreach Office in Lake Villa is offering free blood pressure screenings from 8 a.m. to noon each Monday. The facility is located at 121 E. Grand Ave., and no appointment is needed.

Church To Ordain Pastor July 7

The members of Faith Evangelical Lutheran Church in Antioch, announce the ordination service of their second pastor, Gregory Hermanson. The ordination service will be at 4 p.m. on Sunday, July 7 at Faith, with a potluck meal in the gym following. The public is invited.

Gregory Hermanson

Hermanson is the fifth of six children born to Mr. and Mrs. Eugene Hermanson. He grew up in Sun Prairie, Wis. After graduating from Sun Prairie Public High School, he attended the

University of Wisconsin-Whitewater as a music major. From there he enrolled at Northwestern College in Watertown, Wis., a college owned and operated by the Wisconsin Evangelical Lutheran Synod.

At Northwestern, Hermanson's studies centered around the Holy Scriptures, English, Latin, German, Greek, Hebrew, history and psychology. After receiving his degree, he attended Wisconsin Lutheran Seminary at Mequon, Wis.

At the seminary his studies were completely centered around Holy Scripture in the original languages and English, as well as communicating the Holy Scriptures through preaching, teaching, counseling and evangelism. He graduated in May of this year.

In August of 1984 Gregory married Carol Tietz, a Christian Day School teacher at St. Paul's Evangelical Lutheran Church in East Troy, Wis. They are expecting their first child at the end of August.

Faith Evangelical Lutheran Church presently has a staff of one pastor and five full-time teachers.

Child Development Awards Peppermint Stick Renewal

Peppermint Stick Preschool in Antioch, owned by Ruth A. Jeans, has been awarded a renewal of the Child Development Assn. Credential in recognition of outstanding work with preschool children in a group setting.

The renewal was awarded by the CDA Credentialing Commission, which is working to improve the quality of care provided for youngsters in child care centers. The commission represents the early childhood profession through its member national organizations.

Every candidate for the CDA is assessed by a team of four people including three from the local community.

The team members observe the candidate working with children and evaluate the caregiver's competence in six areas. These range from establishing and maintaining a safe and healthy learning environment to advancing the child's physical and intellectual

growth. In an age when both parents of an increasing number of children are working outside the home, finding an environment in which children will receive more than basic maintenance has grown in importance.

Brae Loch Issue Still Up In Arms

by MIKE PRAMSHAFER

It will be another week before the purchase of Brae Loch Country Club in Grayslake by the Lake County Forest Preserve Dist. will be decided upon.

The forest preserve board, which includes the 24 members presently on the Lake

County Board, met on June 28 to vote on whether it should purchase the country club and the adjacent 56 undeveloped acres, but ended up postponing the issue for another 10 days.

According to Avon Twp. Supervisor and Dist. 4 Rep.

Norm Geary, the vote was postponed because Forest Preserve President Donald Strenger had called another meeting prior to the Brae Loch vote.

Geary said the forest preserve board had approved to vote on the issue at a meeting on June 21, one week prior to the date approved for the vote. He said the board was scheduled to vote on the issue at 10 a.m. June 28, but Strenger decided to call another meeting concerning the Tecumseh Trail Project and the purchase of Midlane Country Club for 9:30 a.m. that same morning.

"He (Strenger) scheduled the 9:30 meeting so that we wouldn't have enough money to purchase Brae Loch after taking action on the other two projects," Geary said.

The board then decided by a 13-8 margin to postpone the vote until July 8 at 9 a.m.

He said another reason why the board decided to postpone the vote was because three of the 22 board members present had to leave the meeting early.

"The three board members that had to leave early are all in favor of the Brae

Loch purchase. If we would have had to take care of the trail project and Midlane first, those three board members wouldn't have been able to vote on Brae Loch," Geary said.

The three board members that had to leave early were Helen Amendola (Dist. 1), Richard Anderson (Dist. 6) and Jim LaBelle (Dist. 3).

Geary said the main anti-Brae Loch board members include Glenn Miller (Dist.

6), Bob Depke (Dist. 5) and Jim Fields (Dist. 4).

"There are too many unanswered questions about Brae Loch. I'm more in favor of purchasing Midlane. We don't even know who the owner of Brae Loch is," said Fields.

The Lake County Regional Planning Commission has unanimously approved a motion urging the forest preserve to purchase Brae Loch and the undeveloped

acreage adjacent to it.

"We believe that the acquisition of the undeveloped acreage is essential to provide for multiple recreational uses and will also protect the long term integrity of the golf course itself," Eve Lee, chairman of the commission said.

According to Geary, 13 votes out of the 24 board members are needed in order for the purchase to be approved.

Summer Pace Picks Up With Holiday Festivities

By ARDEEN HARRIS

People have been having a busy June. Can you believe it's over! Debbie Campbell and her mother, Helen DiDominicus are back from Toronto, Canada. They were visiting Debbie's sister, Donna who recently moved to the land up north. Unfortunately, or fortunately for them, on their return to

the U.S., the Toronto airport tightened their security, due to the recent bombings, and it took two hours to get through. As Debbie says, be it ever so humble, there's no place like home.

Also back from a great camping trip are Craig, Mike and Carl Campbell and Pat and Mike Priller. They

enjoyed the sights in Estes Park, Colo. and had a good time hiking, camping and panning for gold in the Rockies.

Get well wishes are extended to Pat Priller who is recovering from a broken rib. He made it home in one piece, but on his second day back from the camping trip he had his accident. If you see him, try not to make him laugh, he's not in the mood. Get well quick. Pat will be the Grass Lake Haunted House chairman this year. He's already got the dates and time scheduled. Now that he has to rest, he can spend his time dreaming up new ideas!

Little Nicky Vandrush celebrated his fifth birthday on June 28. Unfortunately, he didn't get to spend his special day running around, but was laid up with a sprained ankle. When his mom, Cindy, took him to the doctor to see what the problem was, Nicky told the doctor that he fell out of a train. Cindy had to explain that the train was a caboose, and it wasn't moving, but was located in a park for children to climb on. Happy birthday to you Nicky and get well quick.

The Cub Scouts in Pack 80 have a few things planned for the summer months. On July 6, they will be going on a family canoe trip starting at Glacier Park in Wonder Lake and ending at Nipersink Creek in Spring Grove. Sounds exciting! Their next trip will be on August 24, when they go to the stock car races in Wilmot, Wis.

The cub scouts will have free admission with their shirts and the adults will be charged \$5. John Fleshman is the new cubmaster and his assistant is Dan Fiocchi. Joan Ward will handle the Bobcat Den and Cindy Vandrush will have the Bear Den. Charlene Komperda is the new pack coordinator, Sandy Fiocchi is the awards chairperson, Peggy Castello is the committee chairperson.

Sandy Splitt is the secretary, publicity and hospitality chairperson and Nancy Dogan is the new

treasurer. Joe Marsala will be the new Webelo leader.

With the start of their summer activities, it sounds like the boys are in for an exciting year with Pack 80. Good luck to all the new volunteers!

Brownie Troop 1366 held a New Games Day on June 19, as one of their summertime activities. Two hours of fun and games took place at the Grass Lake School grounds. The girls learned how to play popcorn, cat and mouse, shark and other games with a parachute. Running games were also included. Troop members Ali Arnold, Beth Boerman, Jamie Brausam, Kelley Brausam, Wendy Charvat, Kristen Clifford, Sabrina Day, Kellie Dixon, Amy Dogan, Beth Enright, Alicia Lundgren, Amy Martin, Tammy Mazzuca, Lisa Priller, Jessica Stella and Erica Wagner attended and earned a participation patch.

Possible future Troop members, Tara Christopoulos, Jennifer Lentine, Rebecca Sheldon, Sandy Webel, Kristen Franzen, Aimee Kitto, Jenny Brausam and Angie Stricker also attended. The troop's next summertime activity will be a swim party at the Antioch Pool in July.

Congratulations to the Grass Lake Girls, from the Alyce's All Star twirling group who participated in the Midwest Regional contest held in Naperville, June 22.

The girls were in competition with others from five different states. Tara Christopoulos took a first place in her solo. Tiffany Christopoulos received eighth place in her advanced solo. Tricia Olenick received a third in her strut and fifth place in the pageant. Deanna Olenick received a third in her strut and fourth place in the pageant. Missy Olenick received a second in her strut and fifth place in the pageant. Kathy Harris received a fourth place in her solo. Congratulations to you all on a job well done. The trick to twirling is practice and it really paid off for this contest.

Well, the Antioch Little

League season is winding down. With one game to play the State Bank of Antioch Tigers have clinched their division with a record of 10-4. The Tigers are coached by Wayne Rey and he is proud of his whole team which includes five Grass Lake boys: Jeff Rey, Jason Kitto, Mike Priller and Chris and Eddie Lehner.

The Tigers will be playing the other division winners, the Cardinals coached by Nick Pappadakis, next week for the League Championship. They will play the second of two games on July 7. It's been a good season for the Tigers with strong pitching from Jeff Rey, Neil Owens and Brian Smith and great hitting by all the boys including two home runs. Both teams are very good and they should be commended for their great season.

The next Grass Lake School Board meeting will be held on July 9 at 7:30 p.m. at Grass Lake School. The Arts and Craft show will be held

in Antioch on July 7 at Williams Park. It's a great time to get some new ideas for the Christmas Bazaar.

A note to the members of the pegasus 4-H club, there will be no meeting on July 8. Everyone is starting to get ready for the Lake County Fair, which will be held July 24-28. 4-H'ers have to get their projects in the fairgrounds on July 22 and 23, so they really have a busy week. There is a new building being constructed on the fairgrounds, but at the present time I don't know what it will hold. Fair time is exciting! Be sure to mark the dates.

If you are interested in showing at the fair in the open competition, you must send in your application by July 13 along with your check for \$7.50. Be sure to stop by the extension office in Grayslake to pick up a fair booklet. You will also receive a five-day pass to the fair with your entry money. Remember to call with your news.

Along the way with ANNIE MAE

What a turnout the Antioch Firemen had at their Annual Dance. It was loads of fun as usual! Ernie Levas and the EPL Express were a hit along with that great Blooze Brothers Set. The Blooze Brothers sure are energetic—I saw their car in the Waukegan Parade with the Miss Antioch Court for 1985 and Miss Antioch 1984 Lorin Buchta. What a motorcade to have for a Parade—The Blooze Brothers.

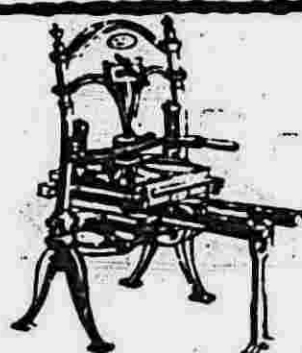

The lovely girls in the 1985 Pageant did a great job and Annie Mae is glad she does not have to judge! Good luck girls. They also had good looking cars and drivers in the Waukegan parade! Who were those young fellas? Are they married—if not Annie Mae is looking for the phone numbers!

The weather is just beautiful and I hope it stays that way for the Miss Antioch Pageant, the parade, fireworks and all of the fun. I hear there are going to be three bands on the Fourth. From 12 to 4 p.m. is Bernie Gunty with Zurich at 4 p.m. and then Ernie Levas will end the evening as he will on the Third. There are going to be things going on all of the time and everyone must get a water fight team ready for the Fourth. You can register that day following the Parade.

Congratulations to Tim Fields and Karen Portalski on their engagement. What a lovely diamond on a lovely gal. Happy Birthday to Wayne Soder on July 4. Have a fun day! How could you help with all that is going on. Another birthday is Donna Gutowski's on July 8.

That is a good time for the firemen to relax and enjoy other festivities. You guys can recuperate, or celebrate a job well done!! We can't wait for next year.

I hope everyone has a safe and happy Fourth, however you are celebrating this year. Please drive safely. See ya around town.

Another Mayor Joins Backers of McConnel

Another powerful mayor has expressed his support for Venita McConnel's election for Lake County clerk in the 1986 contests.

Libertyville Mayor Paul M. Neal has endorsed Wauconda Village Clerk McConnel's nomination on the Republican ticket. Neal joins two other prominent mayors in recommending McConnel's candidacy, Wauconda's Ken McGill and Mundelein's Colin McRae.

Mayor Neal observed,

"With my background and experience, I feel qualified to attest to the ability of Venita L. McConnel to effectively perform the duties of Lake County Clerk. Mrs. McConnel has herself been a very successful businesswoman in Lake County and has held the position of Village Clerk for the Village of Wauconda for the past seven years."

Neal served two terms as a village trustee before his election to the mayorship of Libertyville in 1981. Mayors

Neal's and McRae's endorsements of McConnel have increased her prospects of carrying Libertyville and Fremont Twps. These two townships possess a large number of independent Republican voters.

McConnel is opposing County Board Rep. Donna Mae Litwiler for the GOP nomination for Lake County Clerk in next year's primary. The winner will run against Democratic incumbent Linda Hess in the Nov. 1986 elections.

Bryan Nixes Running

College of Lake County Trustee Richard Bryan of Grayslake has informed Lakeland Newspapers that "I have reassessed my potential candidacy for Regional Supt. of Schools on the Democratic ticket in the 1986 elections. Such a candidacy might necessitate my resignation from the CLC Board of Trustees. I feel a special obligation to the people who elected me to office. I intend to fulfill my responsibilities on the board for the remainder of my term. Therefore, I will not be a candidate for Regional Supt. of Schools in next year's elections."

Bryan defeated longtime incumbent Arthur Katzenmaier in the 1983 CLC board elections. He was elected to a six-year term. Bryan is a Warren High School teacher as well as a CLC trustee. The present Supt. of Schools is Republican William H. "Bill" Thompson of Antioch. Thompson has served as Lake County's educational chieftain for the past 12 years. He has decided to retire from office in 1986. Thompson has endorsed Sybil Yastrow for the position on the GOP ticket. Yastrow has served in the Regional Supt.'s office for the past 10 years.

Agency To Levy Fines?

If an individual knowingly uses the Chain O' Lakes waterway system without paying the proper fees, the Chain O' Lakes-Fox River Waterway Management Agency could levy a \$100 fine on that individual.

The Senate concurred this in a House amendment last week. The bill, which is sponsored by Sen. Jack Schaffer, R-Cary, now goes to Gov. James Thompson.

Sandra Parsons-Mathys, of Round Lake, is among those who received awards and scholarships at the annual Mankato State University Honors Convocation on June 2. Parsons-Mathys, of 380 Cedar Lake Rd., was awarded the Grace Lundquist Scholarship from the College of Social and Behavioral Sciences.

Healthy Economic View

At mid-point through the year, the picture hereabouts on the economic front is healthy. The local employment level is high, community and county economic development efforts are showing results and indications of future promise and two major questions appear to be solved or at least stabilized for the immediate future.

The two questions involve the status of Great Lakes Naval Training Center and the future of AMC in Kenosha as an automobile manufacturing center.

After months of strutting and tussling, United Auto Workers officials at the 11th hour accepted concessions that American Motors Corp. said all along are needed to keep plants open in Kenosha and Milwaukee. There will be substantial changes in seniority provisions, overtime and relief time policy and undoubtedly reduction in for-

ce, but the important thing is that AMC will remain as a key factor in the job front.

There is good reason now to believe that the announced plan to close Great Lakes was more political than practical. Forces within the Reagan administration used Great Lakes as a whip-saw to send a message loud and clear to Illinois' two Democratic senators that Republicans are sick and tired of having Sens. Alan Dixon and Paul Simon give short shrift to defense needs of the station. Judging from the way they reacted, particularly Dixon, the senators got the message. The interesting thing is that any downgrading of Great Lakes impacts hardest economically on the Democratic constituency in Lake County and northeastern Illinois. Undoubtedly, Dixon and Simon have a new appreciation of this practical political fact after feeling the shock waves emitted when Great Lakes was put on a "hit list."

Crucial Land: Mexico

by JOHN STEINKE
Political Columnist

U.S. Foreign Service Officer Kenneth Androue addressed an audience of 150-200 people at the College of Lake County on the topic of "Central America: U.S. Role and Responsibility." Currently Androue states the Panama Desk in the U.S. State Dept.

Androue's presentation concentrated on the dangers of the Sandinista government in Nicaragua. He pointed out that Anastasio Somoza ruled the country from 1933-1974. The Somoza's oppressive government generated the 1979 Sandinista revolution. Conceding that "the Sandinista revolution was genuine," Androue contended that "it was exploited by the Soviets and the Cubans. The Soviets and the Cubans have fostered the extremist elements in Nicaragua."

The U.S. policy toward Nicaragua has four objectives. First, there must be an end to Nicaraguan support for guerrilla groups in neighboring countries. The Sandinistas have been funneling military and economic aid to the Marxist guerrillas in El Salvador. These pro-Communist forces are battling the new democratic government of President Jose Napoleon Duarte.

Second, the Reagan administration wants Nicaragua to sever its military and security ties with Cuba and the Soviet bloc. Androue claimed that Nicaragua was the major recipient of military hardware from the Soviet Union. He stated that there were 7,500 Cuban advisers in Nicaragua, "including 2,000-2,500 military advisers." In addition, Androue asserted there were also "several hundred Soviet and Eastern block advisers" in the country. He estimated that "one hundred are Russian."

Third, the United States recommends a reduction of Nicaragua's armed strength to levels that would restore the military

equilibrium in Central America. Androue observed that "Nicaragua has the largest army in the region. They have 60,000 soldiers and 60,000 reservists. They want to have the largest military force in Central America."

Fourth, President Ronald Reagan expects the Sandinista government to fulfill its original promises to create a democratic regime with respect for human and civil rights. The U.S. is supporting the Contras in their campaign against the Sandinistas. Androue reported, "Many people who are fighting with Contras are people who supported the revolution, but feel it was betrayed."

Analysis

Androue concluded in his talk June 19 that Nicaragua's southern border is 300 miles from the Panama Canal. The Sandinistas are separated from the canal only by Costa Rica. This country is a democracy, but has had no army. Nicaragua's northern border is 300 miles from Mexico. In between are two states, El Salvador and Guatemala, already torn by guerrilla violence, and Honduras, whose fledgling democracy is under daily pressure from Nicaragua.

Mexico is the crucial country in U.S. interests in Latin America. We share 1,800 miles of peaceful frontier with Mexico. In addition, Mexico is our third largest trading partner after Canada and Japan. To reduce our dependency upon the volatile Middle East for resources, Mexico has become the largest supplier of oil for the United States.

Androue described the Caribbean as our "third" border. Nearly half of our trade, two-thirds of our imported oil and over half of our imported strategic minerals pass through the Panama Canal on the Gulf of Mexico. In time of war, half of the military supplies for U.S. forces in Western Europe would transit the area. President Reagan has stated, "Central America is America; it's at our doorstep. And it has become the stage for a bold attempt by the Soviet Union, Cuba, and Nicaragua to install Communism by force throughout the hemisphere."

Canadian Geese Like Their New Lakeland Homes

by BILL SCHROEDER

Wildlife watchers are excited about the population explosion going on among Canadian geese, the graceful creatures with the distinctive long black necks that have become permanent Lakeland residents.

Canadian geese used to visit this locality twice a year—on their spring and fall migrations. In increasing numbers, they are becoming full time residents.

Dick Miller, community relations manager of Illinois Bell Telephone Co. and an avid hunter and fisherman, pointed out to this columnist that the influx of the "Canadians" is more evident than ever this year with several pairs taking up residency on practically every pond. Lake County's larger lakes are providing home and feed for fairly sizeable flocks.

In this era of a skyrocketing divorce rate and the casual lifestyle among young people of transient romance, Canadian geese are an interesting phenomenon because they mate for life.

Lakeland is popular with the large wild geese because of our ample water habitat, natural good feeding opportunities, protection and the fact that Canadian geese have taken to feeding them. John Epstein, an expert outdoorsman, explained that the local proliferation is being abetted by a habit of the females, "who rule the roost," to return to the area where they were hatched. In the protective Lakeland environment, mating Canadian pairs are producing hatchlings of six and seven with a high percentage of the hatchlings growing to maturity.

Epstein reported that another factor adding to the local population of Canadian geese is a policy of natural resource managers to disperse the Canadian inhabitants of the famed Horicon Marsh in southern Wisconsin because of problems of overpopulation and disease.

Even with urbanization increasing at a rapid pace, the geese are thriving here. We, too, could have an overpopulation problem in time, Epstein cautioned.

PROBE WIDENS—Fox Lake's scandal over irregularities involving the issuance of garbage pickup contracts has come to the at-

ention of officials of Omaha, Nebr. Omaha councilmen are interested because Waste Management Inc. is involved in Fox Lake and Waste Management is low bidder for garbage pickup in Omaha and Douglas County, Nebr., the state capital. The Omaha officials are aware that Waste Management as a business strategy could provide service on a "loss leader basis" to drive out local competition.

CANDIDATE—Charlotte Kiesgen, member of a well known Grant Township political family, is serious about running for the Lake County Board next year from Dist. 4 which includes Grant, Antioch, Lake Villa and Avon Townships. She will make her intentions known soon. There will be positions from Dist. 4 on the ballot in 1986, the seat being vacated by Donna Mae Litwiler and the seat now held by Norman Geary, who will be a candidate for reelection. Geary reportedly is seeking a running mate. Charlotte is the wife of Grant Highway Comm. Jack Kiesgen.

CHEAP, CHEAP—Barry Manilow's name is mud as far as the pom squad at Carmel School for Girls is concerned. The popular pop singer signed up the Carmel Pom team to perform dance routines during his performance last weekend at a west suburban music center.

Just as the girls were getting ready to leave for rehearsal, Manilow's manager informed their adviser that the pom squad part of the program had been scratched. The girls were crushed at Barry's change of heart and the dashing of their opportunity to get a taste of show biz. In addition, they were madder than wet hens at the lateness of the notice and the fact that their required investment for dancing shoes was going down the drain not to mention that many of them had to leave jobs to meet the rehearsal and performance schedules.

Big Barry didn't even have the courtesy to invite the 15 disappointed girls to be his guests at one of the concerts. You can call Barry Manilow cheap. As the father of one of the unhappy pom squad members, I've got some other names for him.

MAKING HISTORY—A bit of Lake County history will be recorded at 10 a.m. Thursday, July 11, when Commodore Roberta L. Hazard becomes the first woman to command Great Lakes Naval Training Center. Weather permitting, the change of command ceremony will take place at Ross Field. She is succeeding Commodore Thomas Emery. Welcome to Commodore Hazard.

LOTS OF POLITICS—Within the next few weeks, political events, mostly of the picnic variety, will be coming thick and fast. State's Atty. Fred Foreman and Sheriff Robert "Mickey" Babcox will be showing their solidarity—and aiding their campaign coffers—with a poolside party at Tempel Farms, Wadsworth, July 27, where supporters can enjoy cocktails, hors d'oeuvres and the Lipizzan stallions for \$25 per person. Judge John Goshgarian, going for a full Circuit Court seat, is staging a family picnic August 25 at Circle G Ranch, Round Lake. Three days later County Treasurer Jack "Red" Anderson is inviting one and all for burgers and brew at Blarney Island, Grass Lake. This is only a capsule of the summer political front.

ONE MAN'S FAMILY—Sunday was a memorable day for One Man's Family. Grandma and Grandpa Schroeder celebrated their 60th Wedding Anniversary. Family and friends stopped by with well wishes, the whole day adding up to an exciting event for children, grandchildren and great-grandchildren and enjoyed thoroughly by the celebrating couple—and their guests. A 60th Wedding Anniversary is one of the once-in-a-lifetime events you hear about and read about, but never give much thought to being personally involved. And all of a sudden you are. It was a thrilling day.

Don't Postpone Dealing With Stress: Psychologist

by MIKE PRAMSHAFFER

Being able to handle a wide variety of problems, both minor and major and those dealing with stress is what professionals at the Family Counseling Clinic, 19300 W. Hwy. 120, Grayslake, are proud about.

For more than 20 years, the clinic has offered full-service psychological/psychiatric counseling to Lake County residents. Before moving to Grayslake in 1970, the office was located in Waukegan.

The service mainly works on a referral system now, Psychologist Leah Pendarvis said.

"We work mainly on a referral system from physicians, lawyers, etc. but a lot of our business also comes from self-referral," Pendarvis said.

Family Counseling Clinic handles both, very severe problems and very minor ones.

"That's what makes us so unique. We pride ourselves over the fact that we can handle a variety of psychological and psychiatric problems," Pendarvis said.

She said the clinic has a staff of 20 people, 15 of them being professional. She said the rest of the staff is clerical, some part-time and some full-time.

The clinic is strictly an outpatient one — open four days a week and all day Saturday. Hours during the week are from 8:30 a.m. to 10 p.m. For those needing help after hours, a 24-hour answering service is available.

is unique is because we are a private group practice and utilize no outside funding," Pendarvis said.

She said the staff is very stable and has expertise in many areas.

group practice makes us unique because our staff offers a wide variety of skills to the public," she said.

"Our staff is also very stable. I am the newest full-time psychologist on the staff and I have been here for 13 years," Pendarvis added.

She feels that everybody's mental health status at one time or another needs adjustment. "Everybody can profit from

counseling at one time or another. Many people go through problems in life and counseling can help. People shouldn't be embarrassed to come in and see us if they have a problem. That's what we're here for," Pendarvis said.

She said one of the major problems with life in general is the bout of stress that each individual goes through.

"To imagine life without stress is almost an impossibility. The key to coping with stress is learning how to manage it properly," she said.

"Instead of being overwhelmed by a stressful event, there are definite steps one can take to deal with it effectively," she added.

She said the individual must identify the stress first. "Learn to recognize how you feel when you are under stress," she said.

The next step, according to Pendarvis, is to classify the stress, which will generally fall into three categories: 1-situations which individuals conclude are stressful but can do nothing as they are too important to eliminate; 2-situations which individuals believe cannot be eliminated but can be changed, either by changing themselves or the cause of the stress; and 3-situations which individuals believe are caused by things they do not need and therefore can eliminate.

"The important thing is that you act on dealing with the stress immediately and do

not postpone it," she said.

Pendarvis has developed a list of practical suggestions for coping with stress:

- realize that some stress is necessary.
- define stress carefully and deal with it.
- escape for a while and take a break.
- talk it out.
- cultivate your spiritual side.
- give up trying to be Superman or Superwoman.
- set realistic goals.
- manage your time more effectively.
- find time for leisure.
- get a adequate rest and proper nutrition.
- get physical activity.
- learn how to relax.
- break the habit of living "guilty."
- give yourself the freedom to change your mind.
- create self-fulfilling prophecies.
- practice acting, not reacting.
- learn to conquer hostility.
- work on adaptability.

"If you're are doing important things with your life, stress will be there. You can count on it but you can also learn to control it," she added.

The Family Counseling Clinic also offers an adoption service where the staff makes adoptive placements.

"We have social workers who work with both, the pregnant parents and the adoptive parents. We then make the adoptive placements the way we see it should be," she concluded.

EYEWEAR, NO LONGER A NECESSITY?

EYE SURGERY WHICH TAKES PLACE WHILE THE PATIENT SNOOZES IN AN OUTPATIENT CENTER NOW OFFERS THE REALISTIC HOPE OF REMOVING EYEGGLASS DEPENDENCY FOR MANY WHO ARE UNCOMFORTABLE WITH CONTACT LENSES OR WHO SEEK FREEDOM FROM EYEWEAR FOR PERSONAL OR PROFESSIONAL REASONS.

THESE SURGICAL TECHNIQUES, FIRST USED IN THE U.S.S.R. AND IN COLUMBIA, CAUSE BETTER FOCUSING OF LIGHT WITHIN THE EYE BY RESHAPING THE CORNEAL WINDOW.

IN THE SOVIET TECHNIQUE (FYODOROV), CALLED RADIAL KERATOTOMY, HALF MILLIMETER-DEEP RADIAL CUTS GOING FROM THE PUPIL'S EDGE TOWARD THE WHITE PORTION ALLOW A NATURAL FLATTENING EFFECT ON THE CENTRAL CORNEA TO OCCUR.

REFINED IN THE U.S.S.R. SINCE 1973 AND IN THE UNITED STATES SINCE 1978, MORE THAN 100,000 KERATOTOMIES HAVE BEEN PERFORMED WORLD-WIDE.

SEVERAL U.S. STUDIES HAVE RECONFIRMED ITS SAFETY AND HIGH EFFECTIVENESS, THOUGH SOME RARE, SERIOUS COMPLICATIONS HAVE OCCURRED.

KERATOTOMY CORRECTS NEARSIGHTEDNESS AND ASTIGMATISM.

IN THE COLUMBIAN TECHNIQUE (BARRAQUER), THE SURGEON USES HIGH-TECH EQUIPMENT TO REMOVE A QUARTER-MILLIMETER-THICK CONTACT LENS-SHAPED WAFER FROM THE FRONT EYE WALL.

THIS PROCEDURE, WHICH HAS A 25 YEAR TRACT RECORD, CORRECTS FARSIGHTEDNESS AS WELL AS NEARSIGHTEDNESS BEYOND THE RANGE OF KERATOTOMY.

Employers See Fair Job Outlook

Area employers foresee a fair job picture for Waukegan/Lake County this summer.

According to the Manpower, Inc. Employment Outlook Survey for the third quarter of 1985, 17 percent of the employers interviewed intend to increase staff during July, August and September, while 10 percent anticipate staff reductions. The remaining 73 percent say they will maintain present levels.

Chuck Bartels of Manpower's Waukegan/Lake County operation, said, "The outlook for this quarter reverses the bullish trend seen last quarter when 40 percent expected staff additions and 10 percent foresaw cutbacks. A year ago at this time, 33 percent said they would add staff and 13 percent said they would lower staffing levels."

The local outlook for the next three months is sluggish compared to the national outlook, where 26 percent of more than 12,000 employers polled said they would hire additional people, and only 7 percent foresaw cuts. The local picture trails other cities in the Midwest, where 27 percent intend to add employees and 8 percent foresee reductions.

Local employers predict job opportunities in the construction, non-durable goods manufacturing, and

finance/insurance/real estate sectors. Staff reductions are foreseen by durable goods manufacturers and the education and services sectors. Other industries should remain at present levels.

Beware! Schemes Abound On Investments

(First of two articles on business fraud.)

Each year thousands of Americans lose an estimated \$500 million by investing in bogus business opportunities that range from distributorships of phony gasoline-savings devices to worm farms.

"The swindles overwhelm the victims, who frequently are retirees, or are unemployed, or are people in midcareer — all seeking independence through ownership of their own businesses," said Jon Hanshew, director of operations for the Better Business Bureau of Chicago.

"The victims are hit with high-pressure sales tactics, promises of quick profits, and images of a life of independence and ease," said Mike Goetz, chief of the franchise division of the Illinois Attorney General's Office.

"The swindles involve almost any kind of deal imaginable — even worthless worm farms," said Hanshew.

future delivery of 60,000 earthworms, which they were told would produce 3.84 million "bait-size" worms in one year, generating \$12,000 a month in income.

However, the worms were delivered late and died off quickly. A scientist later testified that the reproduction rate of the worms had been grossly exaggerated and that the required growing conditions were not present in the average home. The couple lost every penny they had invested in the deal.

• **NEW YORK.** Three persons tried to sell distributorships in the energy and security systems businesses. They were charging their victims between \$30,000 to \$45,000 each.

The sellers failed to provide the promised merchandise and site location selection assistance.

Earlier, one of the salesmen had been forced out of a bogus children's toy product franchise, and also have run afoul of state officials on related charges in five other states.

• **SOUTH DAKOTA.** A Nebraska man sought franchise partners for a proposed mobile pet grooming service. His promotion was cut short when he was returned to Nebraska for violating parole for an earlier conviction for wire fraud and theft by deception, a detail which he had failed to mention to potential investors in South Dakota.

• **NEW JERSEY.** A man paid \$6,000 to become a dealer selling window units that saved electricity by collecting solar energy. But when he tried to market his initial stock of 15 units, he could not support the energy conservation claims. The investor was stuck with his inventory and also faced possible legal action for false and misleading advertising.

Hanshew said the classic business opportunity swindle unfolds this way:

"The con man places ads filled with glowing promises, or rents a booth at a business opportunity show. Potential investors are invited to call a toll-free number for more information and application forms," Hanshew said.

"Once the unwary investor expresses interest, the swindler arranges a meeting at a nearby motel or restaurant, where he promises prompt delivery, high-quality merchandise, low costs, untapped markets and minimal risk of loss.

"After turning this cash over to the promoter, the investor is left with a slick catalog book and an order form. The swindler leaves town and if he is ever heard from again, supplies the investor with a small amount of over-priced, shoddy merchandise and none of the promised advice and assistance," he said.

"While we haven't had any worm farm problems in the attorney general's office, we have had rabbit ranches," said Goetz.

Other scams include animal breeding involving chinchillas and beavers, questionable offers on auto parts, home mail-order businesses, vending machines, and energy-related products.

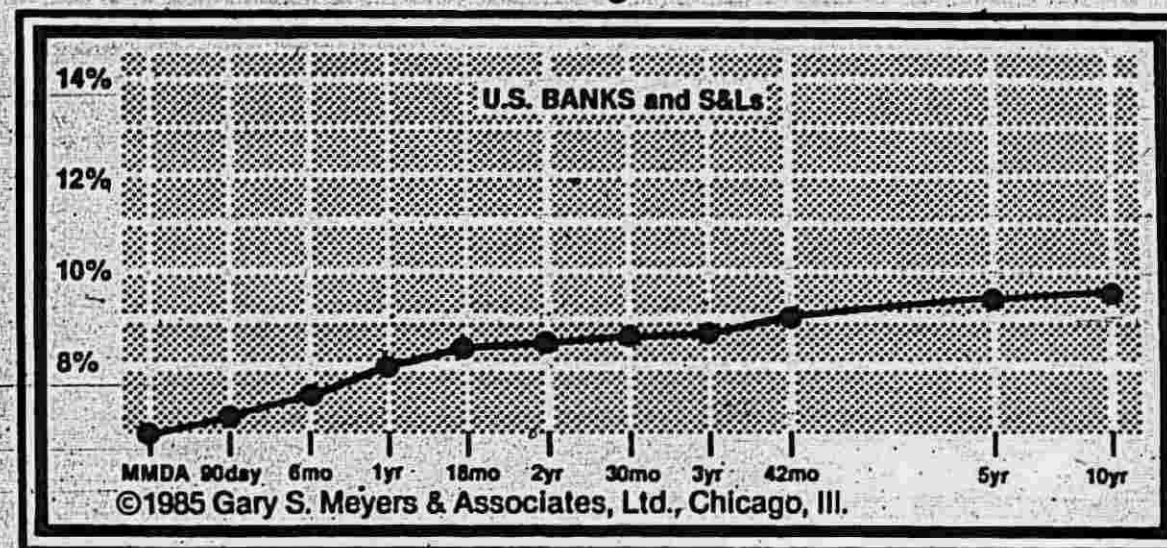

A nonexistent franchise chain bilked \$12,000 each from dozens of eager equity investors who wanted to buy an into bogus car washes.

"Another popular swindle got investors to each buy an inventory of hundreds of dollars of over-priced unsaleable industrial strength cleansers," said Goetz.

Here are more examples of scams uncovered in 24 states within the last year by the North American Securities Administrators Association and the Council of Better Business Bureaus:

IRS Tackles Problems

Taxpayers with an "unresolved" federal tax problem can get help from a special Internal Revenue Service office. It is called the Problem Resolution

Program (PRP) office, and it gives personal attention to taxpayers when previous contacts through normal IRS channels have not helped.

The most common complaints brought to Problem Resolution are about delayed refunds. Sometimes these are caused by incorrect or duplicated social security numbers or by taxpayers who change their names—after marriage, for example—and do not inform the Social Security Administration. Taxpayers who move after filing a return without providing a forwarding address may also have their refunds delayed.

The IRS stressed that PRP is not a substitute for normal IRS channels and cannot be used to appeal technical decisions in an audit.

Fred Ammer, 52, has been named vice president for sales of the electrical division, Mystik Tape Corp. in Gurnee, according to William F. Charron, executive vice president, sales and marketing of the electrical division.

Ammer will concentrate on the expanding midwest market which is dominated by motor and transformer manufacturers who use Mystik glass cloth, filament and paper polyester laminate producers, Charron said.

At the same time, Ben Milazzo, Mystik president and C.E.O., announced the Mystik custom coating program. This program is a reincarnation of the very successful TLC division of Mystik, which operated from 1960 to 1972.

LaVergne's Catering Insists On Quality

by DONNA DUNCAN

When Millie and Jack took over LaVergne's Catering of Silver Lake, Wis. last April, they thought, why change a good thing? And left the quality menu as it was, taking every effort to maintain the same quality as in the past.

"We try to maintain the high quality food and service and try to improve wherever we can," Millie Santi, owner, said.

Taking full responsibility for the food, she says, "if it isn't done right, it's going back to where I bought it from," she said, adding, "I insist on high quality."

The Santi's buy most of their food products from the southern Wisconsin area; beef from Kenosha Beef; poultry from Kenosha Poultry and "the best polish sausage" from Francisco, a grocery store in Wilmot.

"I get calls on Saturday nights asking for more polish sausage," she said.

Formerly a resident of the Milwaukee area, Santi said she has not tasted food this good before.

LaVergne's, which is the oldest catering service in the Bi-State area, offers everything from a simple, picnic lunch to an elegant buffet, along with hors d'oeuvres for cocktail parties.

Prices range from a low of \$3 a plate to as

high as \$11 a plate.

Santi's knowledge of catering comes from working in a medical business office for 15 years, where she did most of the planning for employee's parties. The family also owned a tavern/resort in Three Lakes, Wis.

This is the busiest season for caterers, which lasts from June through August — getting a lot of orders for weddings, graduations and showers. Most of the jobs are fully catered, with from one to as many as five workers but LaVergne's also offers pickup and drop-off options. The catering service also does funerals on a drop-off basis.

The most popular orders prepared by the staff of about 35 are the beef plate combinations which include beef and ham or beef and chicken, to name two. The turkey dishes are also popular in cycles.

A new promotion planned is to promote business luncheons.

LaVergne's is unique because of its availability and excellent service and food quality, Santi said. "Our food is left with the customer, which means everyone gets fresh food everytime," Santi explained.

The business hours are from 9 a.m. to 5 p.m. Monday through Fridays, with slightly extended hours on the weekend.

Michael's Replaces The Old Windjammer

by GLORIA DAVIS

The former Windjammer Restaurant, on Rte. 173, just west of Antioch, not only sports a new name but an entirely new atmosphere and menu.

Now called Michael's Restaurant, the popular area dining spot has been remodeled to offer a more comfortable and cozier dining atmosphere. Note the unusual and pleasing combination in the main dining room afforded by the charcoal carpeting, complimented by salmon-colored walls and accented by an antique breakfast.

When it comes to serving good food and the kind that really please a customer's palate, owners Mike and Judy Varonelli of Vernon Hills know just how to accomplish that dif-

ficult feat, having been in the food business for over 10 years.

Michael's Restaurant offers a menu that departs from the many that feature merely sandwiches or steak and potatoes.

Of course the best in steaks is offered, but featured is a variety of fresh fish, veal entrees and two kinds of vegetables are served family-style with every dinner.

Michael's serves a three-piece appetizer salad before dinner.

Mondays are a well-deserved day off for Judy and Mike, but lunches are served on Wednesday, Thursday and Friday and dinners, Tuesday through Saturday. Being a family restaurant, dinners on Sunday are served from 1 to 9 p.m.

Rip Tide's Offers Seafood Menu, Music

Located on a 20-acre former horse ranch in McHenry County, Rip Tide's features a seafood menu. The restaurant, at 3309 N. Chapel Hill Rd. in Johnsbury, has an English nautical decor and seats approximately 350.

Chef Kirk Donald and salad chef Rob Blaze are responsible for the Sunday brunch served from 10 a.m. to 2 p.m., and the daily

luncheons from 11 a.m. to 3 p.m. and dinner, which is served from 5 to 10 p.m.

Diners may enjoy their favorite cocktail in the lounge or in the beer garden, which is open until 10 p.m. There is also a game room.

Rip Tide's features live entertainment and dancing and is open holidays. "The Time Machine" band will be performing on July 4

Lake County Tavern League Has Philanthropical Side

by GLORIA DAVIS

The Lake County Tavern League, in existence since the 1930s, is still very active in protecting the rights of area tavern owners, promoting cooperation between the league and other businesses, raising money for charity and promoting Illinois tourism.

Presently the membership list of 125 people includes many associate members who are in other than the tavern business.

Few people are aware of the philanthropical works done by the league that include raising and donating money to the Boy Scouts, the Northern Illinois Conservation Club's fishing derby, Camp Duncan's Christmas Party, the Lake County Senior Citizen Outing (all the beer for 4,000 seniors) and the Grove School.

The money for these charities is raised through dues, donations and benefit events.

The Lake County Tavern League's Annual Golf Outing (cart-gold-dinner-prizes) will be held on Wednesday, Aug. 1, at the Renwood Country Club in Round Lake Beach. Tee-off time will be at 10 a.m. For more information call (312) 546-8242.

The league meets the second Thursday of each month at various members' taverns or

restaurants.

Meeting, talking with, and cooperating with Lake County legislators and municipal leaders has paid off for the league. It has accomplished a lot for the area's taverns and restaurants for instance when the Lake County Health Dept. was charging taverns for sanitary inspections and not other businesses, the league worked until the charge was equal for all businesses.

"Most tavern owners in Lake County that I know like the 21-year-old drinking age," said League President John Janofka explaining that the age limit meant less trouble for tavern owners.

"In other states where things like minor curfews and laws against adult liquor purchasers selling or giving it to minors are enforced, minor drinking is a lesser problem," he added, saying he would like to see these things happen in Lake County.

Members of the league board of directors are George Watson of Holiday Park, Bill Fox, North Chicago, Roy Bittner, Waukegan, Bob Fagan, Ingleside, Rick Radsky, Round Lake, Judy Nystron, Wadsworth and Pat Jackson, Long Lake.

Eagle Point Park A Unique Place To Dine

Dining at Eagle Point Park is a unique experience. The restaurant, located at 200 Eagle Point Rd. in Fox Lake, is also known as The Puppet Bar. The original owners displayed hand-created puppets in 1954 and these have been maintained and added to by present owners Joe Gates and Adam Foelker.

This uniqueness earned the establishment a spot on television's "Real People." They have also hosted a National Rotarian meeting.

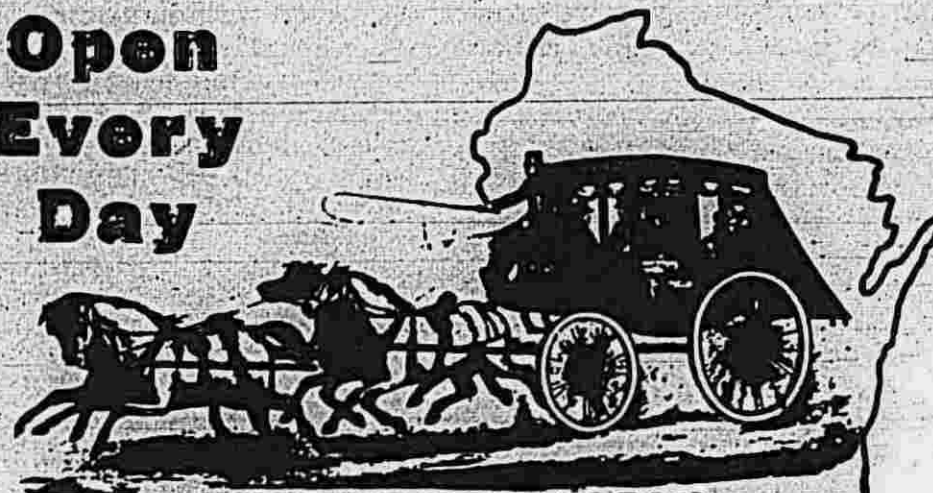

Specials of the house include all you can

eat crablegs, BBQ ribs and boiled and breaded shrimp on Saturday for \$11.95; Thursday night is Fiesta Night with all you can eat taco and nacho bar and drink specials. A fish fry is offered on Fridays. Saturday night also features Surf & Turf or king-size Prime Rib for \$11.95 and Roast Pork for \$5.95.

Eagle Point Park caters to the family and an extensive breakfast menu is served from 9 a.m. to 12:30 p.m. Sundays only. They are open seven days for lunch and dinner, with dinner specials served from 5 to 10 p.m.

Landmark Treats Patrons To Aura Of Bygone Days

by GLORIA DAVIS

Take an old historical landmark that will surround patrons with the aura of days gone by, restore the building without losing any of its original ambience, add a varied menu of gourmet food ranging from seafood to steak served professionally and the result is a food service success called (naturally) The Landmark.

Located on 8th Ave. in the heart of Kenosha, built in 1907, the Old Henry M. Simmons Memorial Church is one of southeastern Wisconsin's favorite dining spots.

Inside, the 40-foot vaulted ceiling and stained glass windows give an awesome flavor to dining in an edifice that was put into

the National Register of Historic Places in 1980.

If prospective diners are looking for a classy city-like atmosphere or one that simply exudes comfortable country dining, The Landmark fills either need. Have you ever put a salad together from fixin's displayed on an old church altar?

A glance at the mouth-watering menu wets the appetite of even the most discriminate of patrons and a visit to Our Pub for a drink before (and a few more after) dinner can add up to a full evening of pleasant entertainment.

Don't miss the "Catch of the Day" fish special. By the way, the Landmark features live entertainment on Thursday, Friday and Saturday.

County Health Dept. Peruses Vending Law

by GLORIA DAVIS

The Lake County Department of Environmental Health (LCDEH) which oversees restaurants and other forms of food service in the county is working on adopting two new ordinances.

According to Tom Varchmin, Lake County Food Program director, the ordinance governing food services in the county has remained the same for many years. His department has been looking into adopting by reference the State of Illinois ordinance on food service and sanitation.

"Our present ordinance is fine," said Varchmin. "But adopting the state ordinance will put us more in line with state regulations

and make our paper work more uniform with counties in the rest of the state."

Varchmin also said that the county at the present time has no ordinance that governs vending machines.

"We would like to adopt an ordinance modeled after the state code on vending machines, which in truth is fashioned after the Federal Food and Drug Administration's code on sanitation and inspection of those machines," he said.

The idea of such an ordinance is for LCDEH to have a handle on who receives permits for vending machines, the inspection of the upkeep and measures taken in keeping these machines up to sanitation codes.

CLC Offers Course

The College of Lake County (CLC) in Grayslake offers a course titled "Food Service Sanitation" designed to equip students with the necessary concepts to improve sanitary methods in the food service industry.

According to the Associate Dean's Secretary Audrey Grote, students who complete the course successfully are issued a certificate from the state.

"There's a big interest in the food service industry because cleanliness is so important," Grote said.

She said the college usually holds two sections in the summer and one in the winter. One section consists of students attending class once a week for seven weeks, two and one-half hours each time. The fee is \$25 for one section.

Anyone interested in participating in this Food Service Sanitation course, call the college at (312) 223-1111 to register.

Backyard Steak Pit Gives Diners A Choice

Utilizing a different concept in dining out, Backyard Steak Pit in Gurnee offers diners a choice of cooking their own steak or having it prepared for them. The restaurant, located at 36050 N. Grandwood Dr., Grandwood Park, is the newest venture for Brian and his dad, Al.

A giant free-standing grill is the center of attention and tends to become a social center where customers can enjoy their drinks while barbecuing their own steak or watching it being prepared by the pit person. Customers can make their own selection from trays of the "biggest, best tasting steaks in the area. Waitresses offer part or service, as the customer prefers.

Dinners are from \$6.95, and the base price of \$9.95 includes a choice of six cuts of steak, a baked potato and a 25-item salad bar. Also featured is a lobster tail dinner for two, with all the trimmings, for about \$15 per person. Lobster prices fluctuate according to the market price. A child's plate for \$3.25 is also available.

The restaurant, which seats approximately 95 in the dining room and 30 in the adjoining lounge, is closed on Mondays. Hours are from 11:30 a.m. to 10:30 p.m. Tuesday through Thursday; 11:30 a.m. to midnight, Friday; 5 p.m. to midnight Saturday and 4 to 9 p.m. on Sunday. Reservations are not necessary.

Restaurant Owners Assn. Works For Owners' Rights

by GLORIA DAVIS
Gus Gianakakis, owner of the Frontier Restaurant in Gurnee, started to form the Lake County Restaurant Owners Assn. two-and-one-half years ago.

The association had its first official meeting in April of 1984. The association has been growing ever since and presently has a membership of 48 restaurant owners who own restaurants as far north as Winthrop Harbor, east as Gurnee and as far south as North Chicago.

Gianakakis is the president of the association. Vice presidents are Harry Killbane of Killbane's Tea Room and Kris Kountanis former owner of Gojos, Waukegan.

Tom Trackous of Mike's Restaurant in

Belvidere Mall is secretary and Pete Kouvel of Drink and Think, Waukegan, serves as the association's treasurer.

"There is strength in numbers," said Gianakakis, saying that the main purpose of the association is to fight for the restaurant owner's rights.

Presently the association is involved in a controversy with the North Shore Sanitary Dist. on the fact that restaurants pay water and sewer charges that are twice as high as those of all other Lake County businesses.

Next on the association's agenda is a drive for the restaurant's to obtain a group insurance plan.

The board meets once a month and the entire membership annually. The date of the next annual meeting planned to be a benefit dinner dance, is being decided on.

Amusing, Amazing! A Trip To Cedar Point

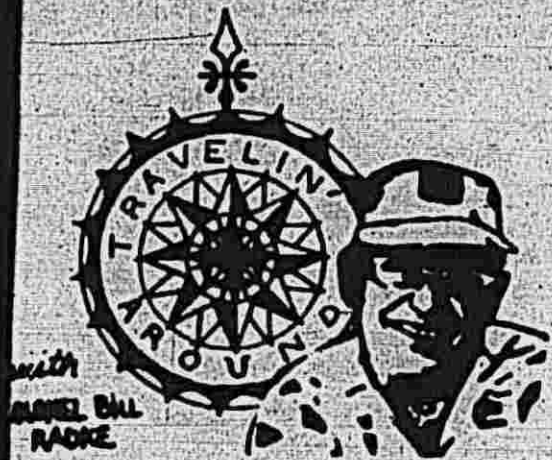

As we pulled away from home curb, we pondered what terrible traffic delays were going to be met. Heading toward Cedar Point Amusement Park, in Sandusky, Ohio, promised to be about a seven-hour drive if no usual problems.

Skirting Chicago on I-294 turned out to be two or more lanes of flowing traffic and no tollgate delays. The Indiana tollroad, across the upper portion of the state, went

This includes the triple loop coaster that hits 50 mph, the 136-foot ferris wheel and the space spiral that elevates to 185 feet. A new quarter mile toboggan-like run, Avalanche, opened in May. When it comes to fun, they say, Cedar Point sets the stage and the sky's the limit. Two decades of refurbishing and expansion have brought it to the superpark level.

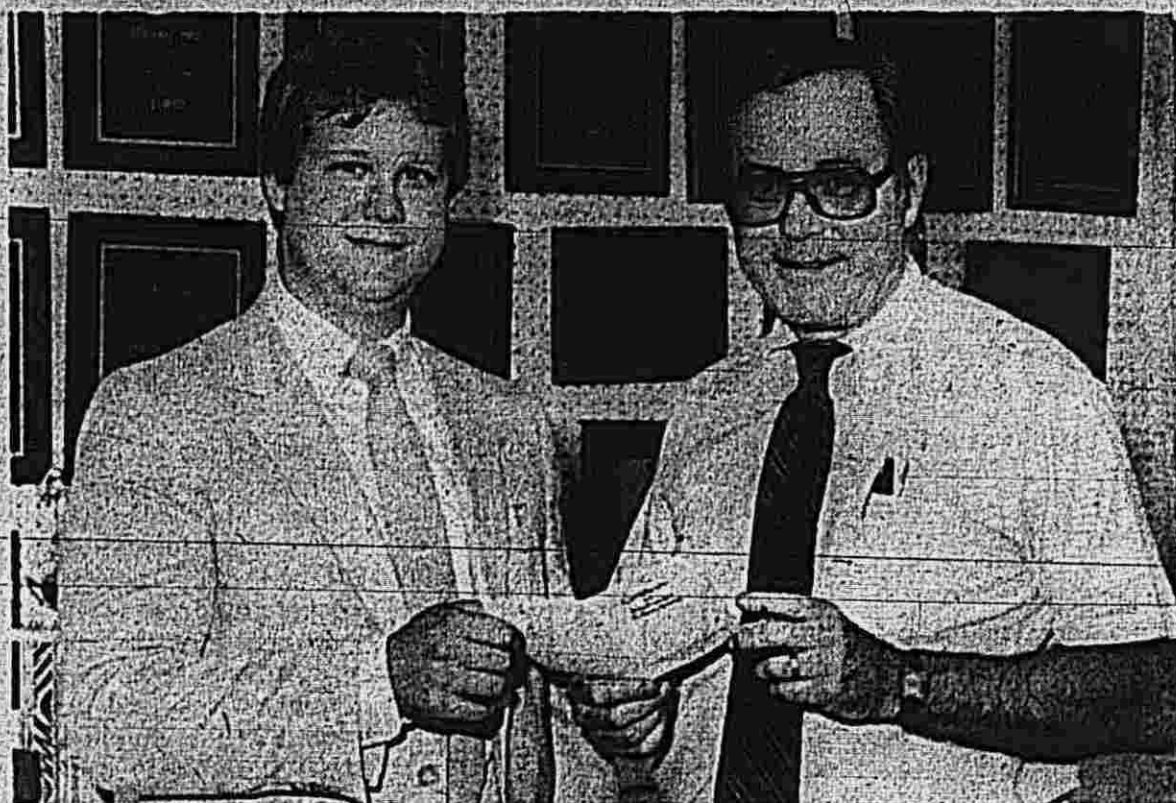

Visitors sometimes overlook several romantic lake islands that may be approached by boat. Here, during the War of 1812, Commodore Oliver Perry was victorious over the British. A memorial, located at Put-In Bay on South Bass Island, contains an observatory deck 352 feet above water level. The marvelous view includes Perry's naval battle scene. South Bass Island also has winery tours and its Crystal Cave boasts world record strontium crystals...just 15 miles from Cedar Point. Kelly Island, Lake Erie's largest, is visible from Cedar Point.

smoothly. A new factor are rest stop restaurants that bear familiar names...Arby's, Wendy's, etc. We hear this produces better food, prices and service for Indiana travelers. In Ohio, it was a pleasant turnpike drive that terminated at Exit 7. Just remember, an hour is lost going east and gained coming home.

Cedar Point, the amusement park turned amazement, has been around since the turn of the century. It has grown to 364 acres and is a full theme park annually attracting nearly three million persons. By car, RV, aircraft, boat or bus, visitors will find comfortable accommodations. Hotel Breakers, with some 500 rooms, is central to the multiple attractions, as are the campground's 500 sites. One hundred seventy-five visitor boat slips, in Cedar Point Marina, Ohio's largest, serve nautical travelers. A private mile-long beach may be used by all overnight guests. For those seeking rides, a selection of 55 makes it one of the nation's largest ride parks. Some are gentle, quiet and friendly, while others are screamers.

Ploss Aims For Career Outside Of Basketball

by DAN G. O'SHEA

Back in 1982 at the University of Wisconsin-Madison, former Antioch High School basketball star John Ploss told a reporter,

"I'm not going to be a pro and I know that. I just hope my legs hold out. I'm here for an education and I play basketball because I enjoy it. Basketball is definitely not my whole life."

This seems to have held true as Ploss embarks on a career in landscape architecture, forsaking any attempts at a professional basketball career.

In 1981, Ploss helped lead the Antioch Sequoias to 18 straight wins and a 23-6 record as they qualified for the Illinois Class AA state quarter-finals in Champaign for the first time ever. That was his senior season and he averaged 16 points and 10 rebounds a game.

The 6'10", 225-pound center was recruited by Illinois, the University of Wisconsin-Stevens Point, UW-Parkside and Carthage College as well as the UW-Madison. He chose the Badgers.

Wisconsin Coach Bill Colfield offered Ploss a scholarship to play and he jumped at the chance. He's been jumping for rebounds in the Big Ten Conference ever since.

Ploss, whose family resides in Lake Villa, was named to the Northwest Suburban all-conference team in high school as well as the all-Lake County team.

He had to learn to deal with big city life and the travel he did with the Badgers. Madison, with approximately 175,000 people was a big city compared with Lake Villa and its population of less than 1,500.

Ploss ran into injury problems his sophomore year at Wisconsin, dealing with recurrent knee problems, including tendonitis, which had to be corrected by surgery.

But he increased his playing time, with his junior and senior year averaging seven points a game and becoming a vital part of the starting lineup.

One of the highlights of Ploss' basketball career, in addition to playing in the Big Ten was a trip to Taiwan for part of a junior Olympic program the summer between high school and college.

Tavern Makes Pitch For Area Softball Buffs

by DAN G. O'SHEA

Two longtime, Lake County renowned softball players have recently opened a bar especially for patrons of the sport.

The new bar, Benji and Tube's Relief Pitcher, is owned by Ben Michaelson of Waukegan and Frank Angelos of Lake Villa. It is located at 560 Old Skokie Rd. in Park City. The nicknames of the two men make up the first portion of the bar's name.

The location, close to two major highways was chosen not just for the 6,500 square foot building but for the property that came with it.

"We've got about three acres surrounding the building and that will make two very nice softball fields," said Angelos.

Since we've played so much ball we know just what kind of surface works best," added Michaelson. Between us is over 30 years of softball experience, so it's not like

we're newcomers running a sandlot league," he emphasized.

Work on the fields begins shortly with an aim to have the fields ready for leagues and tournaments by mid-summer. Men's and women's leagues interested in registering should phone the bar at (312) 249-5717.

Inside activities at the bar include billiards and foosball. Live bands from the Lake County areas appear every Friday and Saturday night.

Both Michaelson, 26 and Angelos, 36, grew up in Zion. They work together at Anchor Glass Container plant in Gurnee.

Michaelson figures that many of the softball players in Lake County will recognize them. "If they play good ball, you can be sure that if we haven't played against them, we've played for them," he said.

Kuhn To Wrestle At CLC

A Warren High School wrestler has announced his plans to attend CLC and join the Lancer wrestling team next fall.

Mike Kuhn, a recent graduate of Warren High, finished his last of four years wrestling with a 19-10 record. According to Head Coach Mark Tiffeny, Kuhn made a good comeback.

Kuhn, who competed in the 119-pound weight class, missed five meets because of illness, preventing him from becoming a member of the 20-win club.

"He was one of the top guys on the team," Tiffeny said. "He lead the team with 58 take-downs. I'm real happy with the way he fought for us."

Kuhn's season had a reflection on the team as a whole. In the beginning of the year, when Kuhn was out, the team had a slow start. The team finished at 7-10, winning most of their meets in the end of the season when Kuhn was earning the last few of his 19 wins.

Organizes Race

The Gurnee Running Club has organized a "Great America 10K" race for Sunday, August 4. The race will begin at 8 a.m. at Great America Theme Park. Trophies and prizes will be awarded, including a trip for two on Eastern Air Lines. All finishers will be allowed a reduced admission to the park on the day of the race. Entry blanks are obtainable by calling (312) 726-0003 or (312) 662-3235.

Battle Of The Boards

John Ploss does battle in the big ten against Northwestern. Ploss, a graduate of Antioch High School who went on to play for the Wisconsin Badgers, will not pursue a basketball career in the pros. He will go into industrial architecture, a field he studied at UW-Madison.

Warren Football Has Coaching Change

The 1985-86 coaching staff at Warren Twp. High School will have only one change over last year's staff.

Reggie Hughes has been named as the new varsity football coach. He will be taking over Mike Kunkle's coaching position. Kunkle, who is also athletic director and the director of students activities, resigned as coach so he could put more time into his other positions.

The coaches for the fall varsity teams will be Fred Kattner, golf; Reggie Hughes, football; John Ariola, boys cross country; Tom Wendorft, boys soccer; Bob Tatgenhorff, girls cross country; Chris Cowel, girls tennis and Chris Woodland, girls volleyball.

The coaches for winter

varsity teams will be Darrel Bader, boys basketball; Mark Tiffeny, wrestling; Diane Hughes, gymnastics; Bruce Campbell, girls basketball and Julie Cavieux, bowling.

the coaches for spring varsity teams will be Ron Shelton, boys baseball; Pete Campbell, boys tennis; Ron

Taulu, boys track; Julie Cavieux, girls track and Chris Woodland, girls softball.

Serve: Hardest Stroke To Master In Tennis

by CELESTE PREGRACKE
USPTA

For most, the serve is the hardest stroke in tennis. It's hard because you are trying to coordinate both arms, legs, body—everything at one time. You're using an unfamiliar hand to toss with and while tossing you're moving the racket arm in five different directions. First it goes down, then back, then up, then forward, then down again. Besides this you still have to get the ball across the net, into that little service box.

It is also an extremely important stroke. Without it, there is no game. Without it you are giving away all the points.

Here are some Service Tips:

Too many players hit the first ball as hard as they can, missing 80 percent of the time, then pushing the second ball in. Take the power off the first one until you gain more control. Then start to add power.

Add spin to the second serve to enable you to hit harder and still maintain control.

Start with your shoulders sideways so as you begin your upward motion, you can rotate your shoulders forward giving you some power.

Relax the body while serving. You need fluidity and smoothness—a tight body won't allow for this.

Mix up your serve—vary the speed, placement and spin.

Tennis Tips

Reach up and meet the ball at the peak of its toss. By stretching, you are fully extending your body allowing for more power and control.

If you are consistently hitting into the net—pretend the net is four to five feet high instead of three feet high. This will force you to hit out (forward) more. Then you can bring it down by turning the forearm out and snapping the wrist. This is a pronation of the arm.

Fish Derby To Make Lucky Anglers Rich

The Chain O'Lakes Summer Fishing Derby sponsored by the Northern Illinois Conservation Club is well under way. Fifty one of the over 500 blue tagged fish have been caught.

Since the derby ends August 11, there is still plenty of time and plenty of fish waiting to be caught by any of the anglers interested in entering. Rules and regulations are posted at area bait stores and buttons are available at the cost of \$3 each for entry at various establishments in the area.

For any more information please call (312) 395-NICC (6422). Area fishing reports and up-dates on the derby's progress are also provided for your convenience.

The following list will give you an idea of what you could win by entering the summer derby and our great support of our sponsors: Just think for \$3 you could catch a fish worth anywhere from \$50 to \$10,000 cash or one of our many prizes:

Other sponsors who's fish were caught were: Haisman's Resort Inc.: \$50 cash; Triangle Sports & Marine: \$50 merchandise; Chain O' Lakes Bass Fisherman Assn.: \$50 cash; Great American Federal Savings: \$100 cash; Kolar's Concession: \$100 cash; Rinella Beverage Co./Budweiser Dist./Mike Rinella: \$500 cash.

Other fish were caught prior to derby start and in some cases re-tagged. Some of the fish above were disqualified for various reasons most of which was because the angler had not purchased a button prior to catching the tagged fish.

As you can well see the cost of the \$3 button is well worth it if you plan on fishing the Chain O' Lakes area. Our thank you to those who participate in our derby and good-luck-to-you-anglers. Watch for further up-dates as the derby progresses. Please remember to bring in any type of tagged fish to help us keep accurate records on their growth and traveling through out the Chain.

Pet Clothes: For Pets That Have Everything

by CHARLENE WHITNEY

For the pet that has everything, there are other luxuries on the market that people also share.

It might not be so unusual to see a dog, especially a small dog with short hair, wearing a doggie sweater. Our old dog just can't stand the cold anymore so she not only has one sweater, but two sweaters in case she needs that double layer for the extra cold days. Trixie even has her own raincoat to help keep her dry. These clothing items are great for her comfort and her old bones.

Not only are there doggie sweaters and raincoats, but some people will even buy the doggie boots to keep their pet's feet dry, warm and free of mud.

A sweatshirt for dogs is becoming a common sight. You can get shirts that say such things as "Play Ball," "Super Dog" and "I Hate Fleas" as well as many more choices.

People like t-shirts with animal designs. I've seen young and old alike walking the streets and shopping malls with shirts that have pictures of their favorite breed of dog, cat, bird, horse and etc.

No matter how you see it, people are showing their love for animals of all types.

It's not just down on Park Ave. that you will see Fido wearing fancy hair bows and rhinestone collars. I've even seen a tuxedo sweater and bow tie collars too!

When it is time for bed, doggie has his own

pajamas. If he is going jogging the following morning, he has a full sweatsuit with hood, for male or female dogs.

Could it be that Fido is going to a football, basketball, baseball or soccer game? You can be sure that he will have his own cap for any of these games.

I personally like the cowboy outfit. My dog has one of these but we use it only for per-

Pet-Wise

forming purposes. She can wear the white hat with the sheriff's badge and be the good guy. There is also a blue denim hat with a bandana if she wants to play the part of a bad guy. The hat fits her great and she loves the game.

Now, I am sure that most of you are thinking that you haven't seen such items and wonder where I got such ideas or maybe you are interested in such items for your dog or a gift for grandma's dog. I assure you that these things are in demand. They can be purchased through some pet stores.

I got my western outfit from a catalog called Du-Says, 215 Seventh St., Piquette, Miss. 39466. I just dropped them a note and asked for the catalog. It has almost everything you could think of.

There is even a highchair for dogs, doggie beds and a car chair for your dog to be able to see out as you are going down the road. I got a puppy album from them two years ago. It is just like a baby book, but for puppies.

For the dog that has everything, this is just a start.

For the people who wish to get a pet t-shirt, I do know of a place in Mundelein called Arfs. The address is 520 N. Seymour and the phone number is (312) 566-7755. They do all their own designs and even have paw print designs.

Vote Against New High School

by DEBBIE HORVE

Plans to build a brand new Warren Twp. High School was shot down 3,759 to 2,767 on June 29 for a \$17.6 million bond issue to build the structure.

School Board officials are unsure as to what the next step will be to get students back in Gurnee. Students have been bused to Lake Forest West Campus since the Dec. 20. Warren Twp. High School has been renting the campus for \$100,000 a month.

Warren High School Supt. Paul Rundio had wanted to see the bond issue pass for

three main reasons. "We want to get our students back in Gurnee as soon as possible, we need to get the foundation poured and finally, our students are not doing as well at Lake Forest," Rundio stated.

If another referendum is to be asked for, the school board will have to wait for the November elections. "Then we won't be able to pour the foundation until Spring, we will be losing nine months," Rundio stated.

"The school board is planning to meet and consider all the possibilities, including another

referendum and rebuilding," said Rundio. Unofficial results found that only 46.5 percent of the district's 14,029 registered voters cast the paper ballots. Paper ballots were used for the first time in 15 years as a cost-saving device.

O'Connell, Wicklund and Pigozzi Architects, Inc. in Northbrook, had presented a plan for a three-story, 350,000 square foot building at a cost of \$23 million.

The \$17.6 million referendum would have combined the money with the projected insurance settlement of \$5.8 million to

pay the cost of the school.

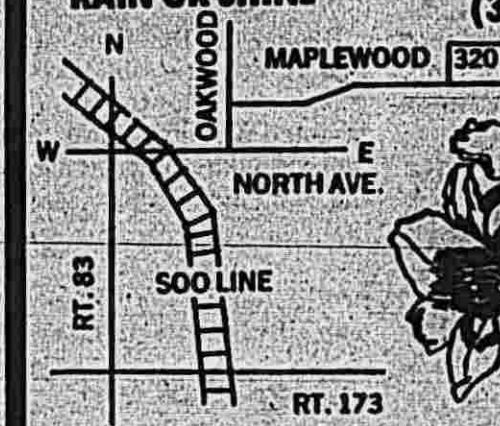

Judy Western, spokesperson for the Citizens Advisory Council, which supported the referendum, blames the loss on the voter's fears of increased taxes. The increase was estimated at \$141 a year for the average Warren Twp. home with a market value of \$70,000.

School Board President Bert Hagglund stated that the board's request is still a valid one and school officials are unsure as to the next move to return students to Gurnee.

BANK of WAUKEGAN's New LEASING Department

If your company is expanding or replacing equipment, consider LEASING. With today's high prices, many astute business people are using LEASING as a viable alternative to outright ownership. We can help!! Let us solve your equipment financing problems.

BANK OF WAUKEGAN President, Charles E. Ofenloch, answers your LEASING questions.

CHARLES E. OFENLOCH

Are there any financial advantages to LEASING equipment?

"Yes there are. First of all, you don't need a downpayment since you get the equivalent of 100% financing. Also, you're guaranteed a fixed rental payment for the entire term of the LEASE even if interest rates increase in the future. In addition, those monthly rental payments will usually be less than if you were purchasing the equipment, and that will help improve your cash flow."

Can LEASING solve the problem of limited working capital?

"With LEASING, you buy the use of the equipment, not the equipment itself. Thus, your capital can be conserved for other needs."

Is there a tax advantage to LEASING?

"If your rental payments are treated as fully tax deductible expenses, you pay for the equipment use out of pre-tax income instead of reducing your profit."

Can LEASING provide a hedge against obsolescence and inflation?

"It sure can. With today's rapidly changing technology, equipment you purchase can become obsolete before it's even paid for. LEASING makes it easy to update your equipment and stay competitive. Also, LEASES are paid with future dollars. Since the terms are set, you're insured against a possible decrease in value due to inflation."

How long is the typical LEASE?

"There is a good bit of flexibility, but the normal LEASE period is 5 years. The only limits are those imposed by IRS restrictions and the economic life of the equipment."

What happens at the end of the LEASE period?

"You can return the equipment with no further obligation; you can continue to LEASE the equipment; you can LEASE newer, updated equipment; or, you can negotiate to purchase the equipment. You make the choice."

For additional information regarding LEASING from the Bank of Waukegan, contact our LEASING specialists, John Crim or Roy Clark, at (312) 244-6000.

G.A.R., GOP: All The Same In Early Days

by JOHN STEINKE

The Grand Army of the Republic (G.A.R.)—a politically potent fraternal organization of several hundred thousand Civil War veterans—was practically a Republican "front organization."

The initials G.A.R. were humorously interpreted to mean "Generally All Republicans." With their families, these veterans constituted an enormous bloc of voters. The G.A.R. kept alive the antagonisms and loyalties of the Civil War.

The boys were instructed to "vote as you shot" and support Republican candidates. One slogan ("Scratch a Democrat and You Will Find a Rebel") reminded the membership of the Democratic party's association with the defeated Confederacy. In 1866, The Waukegan Weekly Gazette admonished the local G.A.R.: "Soldiers of Lake County! The (GOP) county ticket is composed of soldiers. See they are returned by the full majority of Lake County."

During the induction ceremonies into the G.A.R., Lake County veterans would kneel blindfolded before a coffin, draped in an American flag hung in mourning. On the coffin were an open Bible, crossed swords

and the name of the most notorious of Southern prisons, Andersonville.

Generous government pensions for Civil War veterans and their families also fortified their commitment to the Republican Party. In 1904, the Democrats nominated an obscure New York Judge, Alton B. Parker, to oppose the popular Republican President, Theodore Roosevelt, in the election. The Waukegan Daily Gazette editorialized: "How can any old soldier vote for (Alton B.) Parker? The boys who fought from 1861 to 1865 are getting old. All soldiers of the Mexican war began drawing (pensions) years ago. By this order known as order No. 78, all soldiers of the Civil War who have reached the age of 62 are granted a pension of six dollars a month, increasing to \$12 per month when 70 years of age. Now Judge Parker says he will stop all that if elected. . . . An old soldier who casts a vote for Judge Parker is an enemy to his comrades. Boys stand by Teddy (Roosevelt)."

In Lake County, Waukegan Post No. 374 of the G.A.R. was the Republican party. Its membership was the major source of local, township and countywide candidates for public office. G.A.R. members also served as the patronage army for the party.

The following table dramatizes how the G.A.R. dominated countywide offices.

NEXT WEEK'S HOROSCOPE

Aries (Mar. 21-Apr. 19) Warm weather helps take the chill off that cool relationship. Suggest picnics or other summer fun. Your sincere efforts to thaw out this situation will earn you your rewards.

Taurus (Apr. 20-May 20) Open up that clothes-drawer now. Boves need to make changes that make them look and feel better. Start with your wardrobe. Donate no-longer-worn items to folks who need them.

Gemini (May 21-June 20) Roses may be red, but it's the shrinking violets who are blue. To avoid feeling left out, get in on the action. Your social life will blossom as you start getting around. Good luck.

Cancer (June 21-Jul. 22) Yesterday's blue period fades as cheerier experiences begin to happen for you. Expect to hear happy news from and about friends you care for. Start shopping for party togs.

Leo (Jul. 23-Aug. 22) No need to fret over the way kith and kin will react to your news. Loved ones want you to be happy. Be prepared to do some traveling soon either for business or for family purposes.

Virgo (Aug. 23-Sept. 22) Before you complain about having to shoulder added responsibilities, be advised that how you perform will affect decisions made by someone very important to you.

Libra (Sep. 23-Oct. 22) Musical aspects are strong at this time. Enjoy concerts, theater, dancing, records, etc. P.S. Someone hopes you'll reply in the key of "si" to a romantic suggestion.

Scorpio (Oct. 23-Nov. 21) Money signs become important again. Be careful to note any irregularities in your financial picture that can't be easily (and truthfully) explained.

Sagittarius (Nov. 22-Dec. 21) Doubts can dominate your thinking at this time. Use them to good advantage by rechecking emotional investments that may not pay off as you had hoped.

Capricorn (Dec. 22-Jan. 19) Your nearest and dearest may be about to spring a surprise. Be prepared to make some moves to accommodate the changes that will come with this new situation.

Aquarius (Jan. 20-Feb. 18) An elderly friend or relative needs your special love and care. In business, a supervisor may ask questions about a project. Present all the positive aspects you can find.

Pisces (Feb. 19-Mar. 20) On-the-job tensions may cause problems. If you can't talk things out, withdraw so that you don't get burned when the boiling point causes tempers to explode.
